

Gas Furnace economical options

turn to the experts™ 

INFINITY SERIES

59MN7 & 59TN6 INFINITY models

- **Highest Efficiency & Best Comfort**
- Up to 97% efficient
- ENERGY STAR® rated
- Variable speed ECM motor for best airflow, comfort, and improved humidity control
- Intelligent operation control does the thinking for you - no matter the temperature outside
- 59MN7 fully modulates for the best temperature control, the best comfort and the quietest operation
- Communicating capable with Infinity control - WiFi capable
- Lowest electrical cost
- Qualifies for utility gas rebates

Performance SERIES

59TP5 PERFORMANCE models

- **Better Value & Better Comfort**
- Up to 96.2% efficient
- ENERGY STAR® rated
- Boost ECM energy saving motor
- Stainless steel secondary heat exchanger
- (59TP5) Two-stage furnace with lower sound operation
- High quality corrosion - resistant steel cabinet
- Quiet, draft free comfort
- Fan on plus allows homeowners to control the fan speed for quiet even temperatures
- Qualifies for utility gas rebates

Comfort SERIES

59SC5 COMFORT model

- **Lowest Investment**
- Up to 95.5% efficient
- PSC standard blower motor
- Stainless steel secondary heat exchanger
- Single-stage gas valve
- High quality corrosion - resistant steel cabinet
- Quiet, draft free comfort

59SC2 ENTRY model

- 92.1% efficient
- PSC standard blower motor
- Stainless steel secondary heat exchanger
- Single-stage gas valve
- High quality corrosion - resistant steel cabinet
- Quiet, draft free comfort
